

IMMERSIVE DESIGN

ARCHITECTURE & VISUALIZATION STUDIO · AHMEDABAD, GUJARAT

Every building, at every hour.

Immersive Design is an architecture and design studio in Ahmedabad. We render buildings before they exist (stills, walkthrough films, 360° tours and VR), build launch kits for real estate, and design interiors and installations.

THE STUDIO

A studio for buildings and their images.

Immersive Design is a multidisciplinary design studio for 3D visualization, architecture and interior design, with its own office in Ahmedabad. It began with a student taking on 3D rendering projects and grew into architecture and interiors. Studio IAD is its architecture, interiors and installations practice.

“Every visualisation has a story before it becomes an image.”

SERVICES

01 Visualization

3D renders · Walkthrough films and motion design · 360° tours and virtual reality · 3D modelling · Day and night

02 Launch kit & branding

Brand identity and logo design · Brochures and booklets · Hoardings and banners · Social media content · Motion design

03 Interior design

Homes · Offices · Material and detail · Rendered before it is built

04 Architecture & installations

Installations and pavilions · Architecture · Concept design and drawings · From model to site

150+ projects delivered

50+ collaborations

10+ architectural walkthroughs

600+ photorealistic renders

10+ installations and interiors

RESIDENTIAL DEVELOPMENT · AHMEDABAD

Shreyas Arise

A complete visual identity for a residential tower in Ahmedabad: façade design, renders, a film, the brochure and a 360° tour.

RESORT · VISUALIZATION FOR CASE DESIGN

Mountain resort for Case Design

Stone and thatch cottages on mountain terraces, a courtyard house in stone and dark timber, and interiors that open onto the peaks.

BAMBOO INSTALLATION · DESIGNED AND BUILT

The X

A temporary, two-level bamboo seat built on a scissor mechanism of crossed members, published on Archello and Architizer.

PRIVATE RESIDENCE · INTERIOR DESIGN

Jayeshbhai’s Home

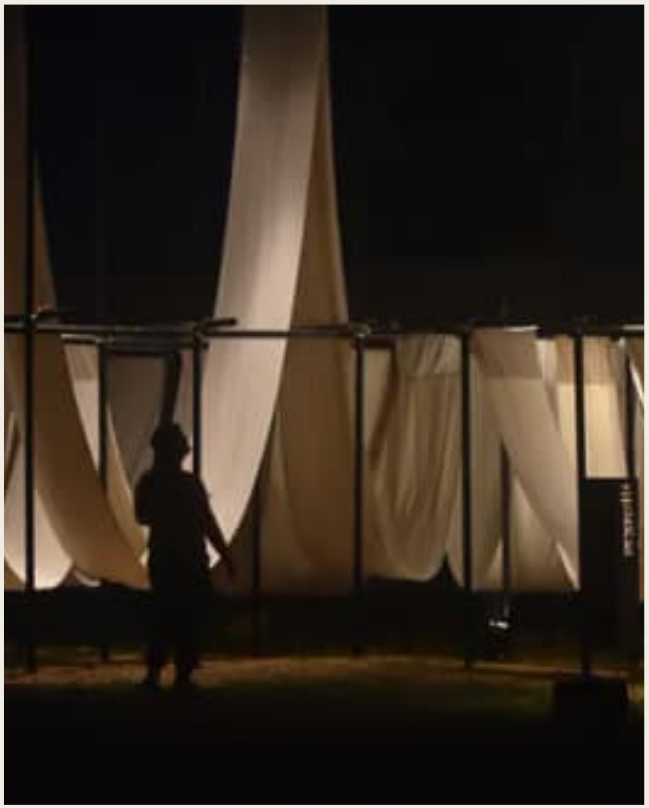

Where modern luxury meets timeless warmth: green marble arches, carved discs, jaali screens and a coffered timber ceiling.

RESIDENTIAL TOWERS · ANIKET GROUP

Aniket Heights

Architecture, launch branding, a film, hoardings and the brochure for Aniket Group’s residential towers.

FABRIC AND SCAFFOLD INSTALLATION · DESIGNED AND BUILT

The Spot

Black scaffold pipes and long loops of cream fabric: a temporary installation we designed, modelled, detailed and built, lit for the night.

CLIENTS AND PARTNERS

Aniket Heights · Arata Designs · Biyola Group · Case Design · Darwin · Excel Life · Inner Circle · Kamnath · Mandali · Shloka Sanghavi Designs · Sky Heaven · Takshashila · ADC
